SUPERINTENDENT PRICE VISITS CLARESHOLM

On Thanksgiving Day Mr. Alfred Price of Calgary, superintendent of the Western division of the C. P. R. visited Clareholm and held a conference with the president and secretary of the board of trade, the Mayor and town clerk and the company's agent Mr. A. E. Thompson. Those present were R. L. Walsh, C. W. James, E. W. Frost, George Simpson and the C. P. R. men.

Mr. Price went into the situation most thoroughly and made it quite clear that he did not appreciate the publicity given the car shortage through the press. He said it wasn't possible to pick up a paper without the allegation being published that Clareholm is short of cars. He said Clareholm is the largest grain shipping point in Alberta if not in the West and is not adequately supplied with elevators. Indian Head has nine elevators while there are only four here. The number should be doubled at least. Mr. Price said the company were anxious to do all they could for Clareholm. They thoroughly appreciate that the importance of this place as a shipping point and he had spent \$200 here this year improving the yards. He is also going to ask for money next year for a switch and to erect a freight

shed. Additional cars are to be sent down right away to help relieve the pressure on the elevators and he hoped from this on there wouldn't be much cause for complaint.

Those present went into all the complaints here and completely exhausted Clareholm novellists from being responsible for delays in unloading cars.

Mr. Walsh asked about the coal loading problem and Mr. Price said he thought it could be arranged for when the switch is built for the freight shed.

Mayor Frost said that the assertion that Clareholm is not in the good graces of the C. P. R. is as a result of the effort to have Third Ave. opened on some of the tracks. Mr. Price said the company didn't believe in such a statement. That was a business question and a business interest the company. The C. P. R. appreciates the fact that Clareholm is one of the largest grain shipping points in the West and will do everything possible to further the interests of the town.

The confab did much to clear the air and bring about a better understanding between the town and company. Mr. Price left for Calgary on the evening express.

Stavely's Strong Cider

The brand of cider sold in some Stavely restaurants is such as to make it popular with a certain element of the community. A few days ago the license inspector went to the restaurants with witnesses and bought some cider. Instead of drinking it as most of the customers did the inspector put it in bottles in the refrigerator for analysis. The report received by Mr. Hotchkiss states that the three samples run from 12 to 14 per cent of alcoholic spirits and as a result Pong Sing, Roy Lee and Tim Sing, who appear to be natives of China, have been served with summonses to appear on a charge of selling liquor without a license.

Before Inspector Canine they were convicted on Wednesday and fined \$50 each.

Burglary At Granum

Granum had a \$500 burglary last week a bunch of fur coats and other articles being stolen from Collin's Men's Furnishings store. Corporal Hanna of Clareholm assisted by Detective Piper of Macleod and Constable Swain got to work without delay and found the stuff at a railroad. They entered the police precincts and men as the culprits and they will appear for trial. All gave Toronto as their address.

At the trial at Macleod on Wednesday all pleaded guilty. Two were sentenced to three years, one to two years and one to nine months. Corporal Hanna is worthy of exceptional praise for the way in which he handled this case.

Issued Bogus Passes

The Bradbours put on their show here last week and drew a good house the first night. Cheap stock tactics in connection with passes induced the attendance on Friday, the crowd being small. Advance agents were back with passes and distributed about twenty around town. They were not asked for and the recipients though surprised accepted them. Imagine the humility when on presenting the passes at the door on the first night they were turned down. Some who had ladies rather than turn away paid up and went in but not all. If this was the game intended it was very small business. One of the agents had a money enough to take him to Granum and had to borrow \$1.50 advanced by a local man who got it from the Bradbours. Passes which were given the press to one of the Bradbours were similarly discredited at the door. Clareholm people did not ask for passes and quite used to paying their own but they certainly do object to being humiliated by a third rate theatrical company and will likely remember it for some time.

Service at Meadow Creek

On Sunday last a Thanksgiving Service was held in Meadow Creek Schoolhouse. The room was crowded with an audience who joined heartily in singing of the old hymns. Some excellent music was rendered by an efficient orchestra. Presided by members of the local home family, was much enjoyed. The address given by the Methodist Missionary Mr. Robert J. Colman, from the text "The Harvest Truly is Plentiful." The service was characterized by a spirit of heartiness which permeated the whole proceedings.

Thanksgiving Day

Thanksgiving Day was generally observed in Clareholm. All the business houses were closed and general quiet reigned. A large number took advantage of the fine day to go shooting and while no tall stories have been heard doubtless a number of the feathered tribe qualified for the dinner table.

There were no services held in the Churches due probably to the holiday falling on Monday and the Thanksgiving thought being given ample expression on Sunday. In the evening the Methodists held the annual chicken pie social and it was an unequalled success. A very large number enjoyed a sumptuous chicken pie supper and there was an abundance of rich things. A program followed in the church which was also greatly enjoyed.

Interesting Entertainment

All seats were filled and many people were standing up in the Badger Flat school house last Wednesday evening. Every available space on the walls was covered and decorated with slices of African lions, leopards, pythons and other animals of the jungle. Beautiful native made robes, Zulu spears, Australian boomerangs, guns, amulets, headbands and other curiosities of historical interest were on exhibition. Sergeant Major Gustav H. School gave one of his lectures on exciting experiences in the African jungle. At the close 30 young men from the audience were dressed in African native costumes armed with native weapons and put through a drill. A sword exhibition was the last feature of the evening's entertainment. The proceeds were donated to Rev. Craig the missionary of the Grain Belt, Badger Flat church.

IN MIXED METAPHOR

On Monday last the people of Canada were ordered by proclamation of His Majesty's advisers to give thanks to the Supreme Being for the bounties of a year. Thanksgiving is an annual feast and the nation is called on to express gratitude whether the crops are good or bad. Perhaps in the off year the occasion for thanks is that things are not as bad as they might be, while in the years of plenty the cause for gratitude is abundantly apparent. It is debatable whether fear is really as grateful in the fat year as he is in the lean season. Opulent humanity is apt to become vain and forgetful. It takes a year of hard luck to reveal to man his own littleness and how infinitesimal is the part he contributes to the bounties of nature. Some of the great actions only known to the present through history's pages, have brought about their downfall through luxurious indifference attendant upon prosperity and in the hour of their supposedly greatest strength have festered the weakest links in the chain. The hour of prosperity is the hour all wish to hear strike, but few then are when hearing it credit anyone with glory other than their own as selfish.

Canada has been blessed with abundant prosperity. The trials of the country are at high water mark and the people have more cause for gratitude now than ever before. The people recognize a Supreme Being by the mere act of proclaiming Thanksgiving and the wise people are those who do not become so inflated with success as to fail to recognize other agencies than their own in the molding of destiny and regulation of the seasons. Canada is in the throes of growing pains. The development bids fair to exceed in rapidity that of any nation in history. May Canada be wise and in the hour of abundance cultivate the virtue of a steady hand and nerve and the strength to lean on in the days when nature is not so generous as present.

The waves rise and fall and the gold ship is the one which rides well in the shift as on the waters light.

CABINET CHANGES

The look for changes in connection with the Rutland Cabinet are announced and the Review fancies there will be little fault found. The home was coming to Mr. Duncan Marshall his brilliant work for his party, and in addition he has both the ability and aptitude for public service. The Review thinks Mr. Marshall has the greatest field for usefulness in the portfolio of agriculture. He is a son of the farm and a sympathizer with the farmer. Agriculture is the chief pursuit in this province and in the encouragement of farming Mr. Marshall will contribute more to the development of Alberta than in any other way. He brings to the government essential ability of exceptional strength.

Mr. W. A. Buchanan, of Lethbridge has been called to represent Southern Alberta and his name is associated with a new portfolio he created next session. Mr. Buchanan has done rapidly in the public life of this young province and has shown a broad mindfulness and progressive sense which cannot do other than contribute to his rapid advancement in the important sphere to which he has been called. A personal journalist and a personal friend the Review rejoices in the deserved recognition accorded him by the Premier, and we feel sure that the Review will never have cause to do other than work with pride to Mr. Buchanan's public achievements.

Mr. Lessard, enters the cabinet without portfolio. The Review has

no knowledge of the man but doubtless he will loom larger in the public eye from this on. He is reported to be a successful business man.

Hon. Mr. Finlay, whose retirement was the chief cause of the cabinet changes, resumes the rank of a private member carrying with him the best wishes of everyone in the province for a speedy restoration to health. He has been a useful minister and only ill health caused his retirement.

The Review would have liked to have seen the member for Clareholm honored but has no knowledge that he ever sought cabinet position.

Duncan Marshall M.P.P., Minister of Agriculture. Hurrah for the country of Bruce.

Mr. Buchanan is only 33 years of age and a Cabinet Minister. It was ability, not luck which turned the tide.

It may be recalled that he had been called to the cabinet it would have been two from Bruce. That certainly would be going some.

The name Clareholm will become familiar to the people of the West as the town with lots of wheat and a few cars to ship it in.

With big Bill Gallagher patting McBride on the back it doesn't look remote for Mr. Oliver and his party to British Columbia. What is Bill after?

Hon. "Dick" McBride would not stand out three years until next January with his present legislative and he is again in the times of a light. Don Mann will supply the shoes.

By his election to the Cabinet the members for Lethbridge becomes the nominal leader of the Liberals in the group of constituencies in this section of the province. Hats of gentlemen.

High River bids up to say that there is no cut shortage there. The farmers are holding their hats until the price goes above 22 cents. Thats too much green feed in the country to help the High River cut supply out this year.

Toronto Premier McBride Cabinet Ministers have resigned owing to the aid he has promised McKenzies & Mann. The Premier is a game fighter and views the situation philosophically. There were other good men to take the vacant portfolios but not until after the election.

Lord Rosebery has turned back on the British Liberals after his long identification with the party. His son, Hon. Mr. Primrose is standing for the Liberals. Father and son in opposite roles but still father and son. Likewise Mr. Asquith and Rosebery are still warm friends. These British policy differs from Canadian.

A member of the British Cabinet speaking the other day put the case of the House of Lords neatly. He didn't think the Lords would interfere with the financial policy of the Commons. The British constitution is unwritten it is true, but if it were written the Lords might be left out. The Lords probably see the point.

The new towns of Carmanagay, Barons and Noble are coming along nicely. It is surprising the good news for growth and the country is only in its infancy. These new towns have made remarkable progress in their brief history and that without injury to the older towns. The people are coming in because there is room for all and it is a good place to come to.

The turkey gobblers gobbled all summer festive style in the barnyard only to run foul of the hatchery in this month of grace. The turkey is under an obligation to get grateful for Thanksgiving Day unless it be that in finding his Nerva in the early autumn he comes from free.

The turkey is not without its compensations.

C. A. McGrath M.P. in closing an address at the school teachers convention in Lethbridge said, "I need not tell you an honest man can never be fully satisfied." Said he and let us place the light that burns on a candle in man to reveal his true self. Still we think the great majority of people in the Stange Story will credit Mr. McGrath with being honest. A man who can be mistaken and yet be honestly mistaken. Mr. McGrath needn't worry about his honesty until he is called upon to be honest when people dub him "Honest Jim." Then look out. Politicians who are dubbed "Honest Jim" or whatever other name may be well watching. Mr. McGrath hasn't reached that pinnacle yet.

NOTICE

Has the time of the C.P.R. train? Has anyone for morning, lunch or afternoon, but not about more information, so interested as to get the C.P.R. train?

P.B.—What time does the C.P.R. train come in each morning?

Agent—Some of them are fresh but equal to anything in the world and some of them are mountain scenery.

P.B.—Where are these C.P.R. trains, have you got a map?

Agent—Yes, here is a map of B.C. You will notice that there are three distinct valleys running north and south known as the Kootenay, Arrow Lakes and Okanagan, in each of which you find an expansion of the river traversing these valleys and these expansions are called lakes and it is along the margins of these lakes that the streams running in to them find the best lands for growing.

In going to find districts of B.C. by the C.P.R. Next line, you first strike the Kootenay Lake Valley at Kootenay Landing where the C.P.R. steamer is taken down the Kootenay Lake to Nelson, here the steamer runs winter and summer, so you can see that the winters must be mild.

On leaving Nelson the train is taken to Robson 20 miles West to the foot of the Arrow Lakes, where the C.P.R. steamers are again taken up the lake to Arrow Head, a distance of 120 miles. The lands we are selling are about half way up these lakes. The train is again taken at Arrow Head. To join the main line of the C.P.R. at Revelstoke, so you will see that the main route of the C.P.R. from the Coast's West to the main line is through these lakes and consequently there is a daily service both ways. From Revelstoke the train is taken to Stagnation Junction and from there to Vernon where the steamer service is taken down the Okanagan Lakes.

P.B.—Are your lands all lands or mountain scenery?

Agent—Our lands will have irrigation and we invite you to go and see them. We can give you level land, spring land, stony land or land without stony. We can give you land on the lake shore at \$125 per acre or lands back of these at \$100 per acre.

P.B.—What about water for irrigation?

Agent—Irrigation is not necessary on the Arrow Lakes. If anyone wants it the water is there and can be put on the land at a very small expense and no charge will be made for it.

P.B.—What are your terms of payment?

Agent—25 per cent cash and 25 per cent each year with 6 per cent interest or if you prefer monthly payments, we can arrange it that way.

P.B.—What does it cost for the trip?

Agent—We guarantee a cost of \$21.25 return. Your meals and hotel bills extra. And in the event of your purchasing we deduct \$25 from the purchase price of your land.

P.B.—It is to ask you to select me a piece of land, what guarantee have I that it will be right?

Agent—We can only make take to give you the benefit of our knowledge of the lands and give you the option of inspecting some within six months and if not satisfied you can choose any other piece not sold.

P.B.—What are chances for work in that country?

Agent—We will give you work clearing. We figure a good able man should make \$8 per day for a one-half cash and retain one-half on account of land payment.

P.B.—How long would it be before I could make a living off my land?

Agent—If you start in the spring one man should clear, ready for planting next five acres. This can be planted out to orchard the last spring and all kinds of vegetables planted between the rows of trees, the returns from which should easily keep one through.

P.B.—How much money should one have to see one through?

Agent—\$500 in addition to land payment if you don't intend to work for the company.

P.B.—What return can I expect from an orchard in that country?

Agent—Some plant 50 trees to the acre, others 70, so for a ten acre orchard say 200 trees. This year C.P.R. fruitmen sold over 300 worth of cherries from one tree and Mr. Beatty obtained 300 worth from three trees. Apple trees six years old should yield 10 boxes per tree and for England where the growers are getting \$2 per box for shipping to the market and in this case and figuring on \$12 per box and 24 trees to the acre would allow gross returns of \$600 per acre deducting 30 cents per box for picking and packing, etc., would leave \$500 per acre net. In addition to this the cost of living where one can grow nearly everything necessary on his land is very low.

pleted and a grand reopening ball be
held Nov. 26th with the Juvenile Ice
tendons as the star feature. This
clever company opened the hall a
few years ago.

Miss Melita Graham of Melita
Manitoba is the guest of Dr. and Mrs.
Learn.

Miss Crumby who is attending the
Normal at Calgary spent Thank-
sgiving in town.

Mr. J. R. Watt went to Macleod to
enjoy Thanksgiving dinner the guest
of Mr. J. W. McDonald.

Rev. Father Beaumont will be in
Claresholm on All Souls Day Thurs-
day Nov. 2nd and will chant the Li-
ber for the dead at 10:00 o'clock.

Mr. H. W. Brownlee was elected to
the executive of the Southern Alberta
School Teachers Association. The
convention will meet next year at
Medicine Hat.

Mr. J. P. DeForest and family, Mr.
and Mrs. Aubrey Watson and Rev.
Mr. Godman were among a large
Meadow Creek party which attended
the chicken pie social here Thank-
sgiving night.

Mr. W. G. N. Johnston went north
to Ponoka this past week accom-
panying his mother who went to visit a
daughter living there. From Ponoka
Mrs. Johnston will return to her
home in Amora, Ont.

On Monday, Nov. 1st a two weeks
series of Evangelistic services will
start in the Methodist church here.
Rev. Mr. Berry of High River and
Rev. Mr. W. B. W. will be here for the
first of the series. Rev. Mr. Bishop of
Nanton and Rev. Mr. Weider the
second week.

Mr. J. E. Andell has installed fit-
tings in his jewelry store which
gives it an up to the minute appear-
ance. He has ten in hand one well
known and has an equipment of
worth of the town and district. The
large stock of jewelry to his stock
with a selection variety of goods
to select from. Mr. Andell is equally
friendly to the trade as one of the
most progressive young business men.

F. A. Sedgley has sold the property
occupied by him as a barber shop to
S. L. Finner of the Shewan River, Al-
berta. Mr. Sedgley closed the deal
Saturday morning and gave up pos-
session in the afternoon. Mr. Finner
paid \$1400 for the property and will
erect a modern building on it prob-
ably next year. Mr. Sedgley will
leave shortly for England to visit his
home and family and says on his re-
turn to Canada he will have a healthy
and hearty.

The new addition to the Presby-
terian church was used on Sunday for
the first time although the work is
not yet completed. The improve-
ment is quite a convenience. The
minister has a vestry now and the
choir room to meet in before enter-
ing the church. It does away with
the necessity of members of the choir
standing in one by one. Incidentally
the seating capacity of the church is
increased and the facilities for work
increased all around. Under Mr.
Henson's ministry Presbyterianism
is experiencing steady growth.

Sunday School fully day was dis-
cussed in the Methodist church Sun-
day morning. Mr. A. F. Boniface,
superintendent of the school was in
charge associated with the pastor
A. B. Argue. The exercise entitled
"The Bible Lives Guide Book" pre-
sented in the general S.S. band was
used and proved quite interesting.
Mr. Argue in his address emphasized
the vital importance of a close
relationship between parents and the
Sunday School. E. L. Walsh, sec-
retary, reported an annual report
showing an average attendance of 64,
the highest being 95 on Aug. 22nd.
The attendance on Sunday last was
102. The collections averaged \$2.12
a Sunday.

The Harvest Thanksgiving Services
at St. Aidan's Church on Sunday
were exceptionally bright and well
attended. The Church was beauti-
fully decorated with sheaves of the field
and noots from the garden. The
Puncher of the day was Rev. Mr.
Gibbs, reader of L. 14th, and his
address was heard with very great
interest and profit. The Rev.
Gibbs' sermon was an excellent ex-
position of the thought of the sermons.
was a high spiritual level he brought
the other blessings to be emphasized
by the press and other agencies. In
his night address Mr. Gibbs dwelt
on the spiritual blessings of the
Church and urged all to show for
their lives that they enjoyed com-
munion with Christ. Rev. Mr. Stump-
er officiated at prayers and Mr. W. A.
Connell as a lay reader read
scripture lessons. The attendance of
both town and country parishioners
was most gratifying. Mr. Stump-
er asked for an offering of \$100 and was
greatly pleased with his people ob-
jecting over the amount asked for.
It was indeed a pleasant Thank-
sgiving at St. Aidan's.

WHEN YOU BUY FRUIT LANDS,

Why are they then where there is the most money to be made off them? If you do

Creston District is the place

WHY--Our land is just as good, our climate cannot be beat and we are 21 to 60 hours nearer the market.

Just that evidence enough that Creston District is the place to buy fruit lands? We have \$200 acres in our fruit land and are subdividing it in ten acre lots. Our price is \$200 per acre, down fifth down and balance in one, two, three and four years at five percent interest. The C. P. R. Railway runs through the land.
